## NOTES

Courses in *Option A* should be chosen by students who aspire to ordained ministry or other ecclesial ministries. **Those considering ordination must be mindful of denomination ordination requirements.**

Courses in *Option B* are designed to accommodate students who plan to work in other contexts. Students in this category may choose either *Option A* or *Option B*.

Students who begin a particular *Option* within a field must satisfy all requirements of that option in order to fulfill degree requirements in that field.

The second half of *Option A*: Intended for second-year students who have taken OT 101 and NT 101 but for whom BX 201 and CW 104 is not consistent with or necessary for their anticipated ministerial contexts. In other words, students who are not (or are no longer) considering ordained ministry or other ecclesial ministries, may substitute one of the courses for BX 201 to complete the Biblical field requirements.

### **Biblical Field:**

BX 101 – not permitted for *Option A* students as an elective.

Students who choose *Option B* that do not identify as Christian may substitute a Sacred Text course other than on the Christian Bible (*The Qur'an*) for one of the OT or NT courses; such non-biblical courses (STX) may be cross-listed as IE.

### **Practical Theology Field:**

BX 201 – must be taken before CW 104. Students who choose *Option B* may take BX 201 as an elective.

Students who choose *Option A* may take CA 102 (in addition to CW 104) as a field requirement or elective.

### **Interreligious Engagement Field:**

Students who take a Sacred Text (STX) course as a Bible requirement must take another IE to complete the second field requirement.
